Volume 10 Issue 4 SOUTHERN CALIFORNIA CHAPTER July/August 1991

Next Chapter Event: "WORK DAY" at Leigh Knudson's shop! Sept. 8th
Location: Marine Machine - 719 Ohms Way - Costa Mesa - (714)-645-7601

Your antique truck restoration can receive a badly needed shot in the arm, if you attend this meeting. Leigh Kudson has opened his well equipped machine shop to chapter members several times before. Here is your chance to do something you can't do at home in your garage. Other chapter members will be there to tell you how, if you are not sure.

Sunday, September 8th is the date. Plan to arrive at 9:00am if you are going to work on something. We plan to go out for lunch between 12:00 and 1:00pm. Join us for lunch (on your own) if you wish. About 1:30pm we will have a chapter board meeting. This meeting is open to all chapter members, so come and see your officers at work.

Remember, Costa Mesa is cool and this is September and many locations are very hot. Expect alot of good truck talk and big stories etc. Also you will see several old WHITES Leigh has collected and the Vintage White Truck Association collection of WHITE goodies. Please no unattended children!

Riverside Antique Truck Run:

The Riverside Turnaround will be held Saturday, October 12th this year. Full details will be in the October newsletter and entry forms will be mailed out in mid September.

Plans call for starting from Flo's Airport Cafe in Chino. After eating breakfast at Flo's, we will need trucks to haul us! First stop will be the Chino Air Museum near by. They have opened a new jet fighter museum a block from the old museum which should be worth while seeing.

From the Chino Airport, we will head for Tom's Place near Lake Elsinor. Here we can shop for produce and antiques. Those who didn't get enough to eat at Flo's, can have a famous Knollwood Hamburger.

The final destination will be the Trolley Museum at Perris. Here we will join other clubs who will bring their vehicles for display. Riding the old railroad trains is always fun, so bring the children for this outing.

Call Roland Smith (714) 683-4563 for more info.

Major Outings being planned!

Terry Klenske has invited our chapter to visit his trucking company yard in Fontana. The Dalton Trucking operation is very interesting and unique. We are going to see the company shops in action on a Saturday when they are the busiest. The date of this outing is November 9th. More info next newsletter.

George and Betty Gunther have invited the chapter back again to their Long Beach truck yard. This outing will be held December 15th. So save this date for another fun time with George's toys and vehicles members will bring. This is a great way to finish the year.

Museum News!

The Hayes Antique Truck Museum (HATM) has received four more trucks to add to their collection. This brings the total number of manufacturers represented in the museum to 117.

Plans for Old Truck Town (OTT) are progressing and everyone's help is needed to make the Old Truck Town dream come true. It is very important that this outstanding collection of antique trucks be preserved.

The Motor Transport Museum (MTM) reported their first public opening of the Campo Truck Storage Yard, Sunday July 7th, was a success. The yard is open the first Sunday of each month.

Bill Hunt has agreed to take a bus load of chapter members to Campo at a future date if we organize such a trip. If you are interested in such trip, please let us know.

Besides the large number of old trucks stored at Campo, there is a great Railroad Museum located there. Train rides are given several times a day. Campo is an interesting place and a fun time could be planned if enough people are interested. Please call Roland Smith if you need more info. (714) 683-4563.

Swap Meet August 18th in Riverside:

The Model T Ford Club, Corona Chapter, is holding their 25th Annual Antique Car Swap Meet, in Riverside Sunday August 18th.

We had a display of old trucks there last year and signed up many new ATHS members. Those who attended enjoyed the event very much. See enclosed flyer for more info.

We will not have a chapter booth this year, but several members are planning to show their antique trucks.

PRESIDENT'S MESSAGE:

I want to thank all those who brought their trucks, for our display at the ITS Show last June. The International Truck Show is one of the biggest Trucking events in the United States. This was a great display (29 antique trucks) and our booth did an outstanding job signing new AHS members. Special thank's to Leigh Kudson for bringing his fantastic emblem collection again this year. Also can't forget the crew who ran the booth; Steve Sackett, Lisa McCann, Bob Kennison, Roland Smith, Don McCann, Carl Stephenson and Phil Osborn. Hope I didn't forget someone.

I hope you are planning to attend our next several events, we need your support!

Sincerely,

Tim Benson

President - Tim Benson (714) 635-5800
Vice-Pres - George Gunther (213) 429-1597

Leigh Knudson - (714) 645-5938
Bill West - (818) 991-6582
Tom Bell - (213) 867-6711
Don McCann (213) 428-7054

"CENTRAL COAST COOLER" was a great success!

The Southern California Chapter and Central California Chapter joint Meeting, held at Bob and Chris King's Ranch in Arroyo Grande, California July 26th, 27th & 28th was a great success. About sixty people attended the Bar-BQ Saturday night. Not many old trucks showed up, however three people from our Southern California Chapter drove their trucks and showed them at the Car Show that was held in Arroyo Grande on Saturday. Art and Betty Dodge drove their B61 Mack and Terry Klenske & wife Ellie drove their '48 Autocar. Dale and Anna Callen roughed out the week end in their '80 Peterbilt Camper.

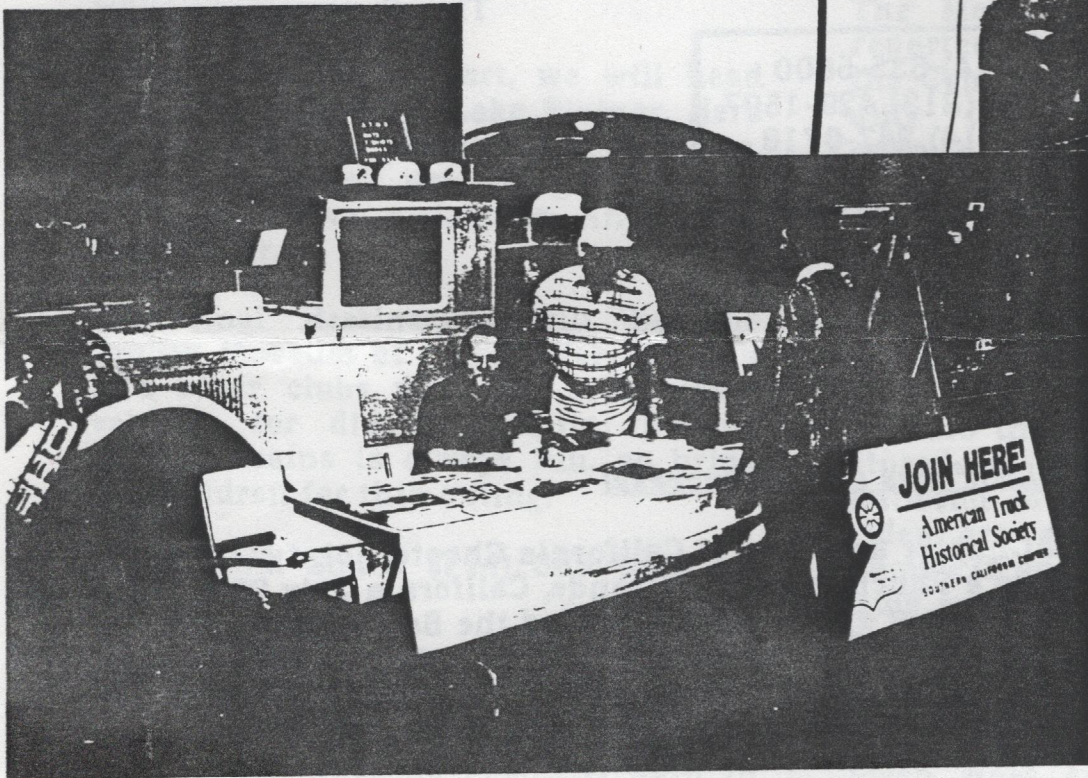

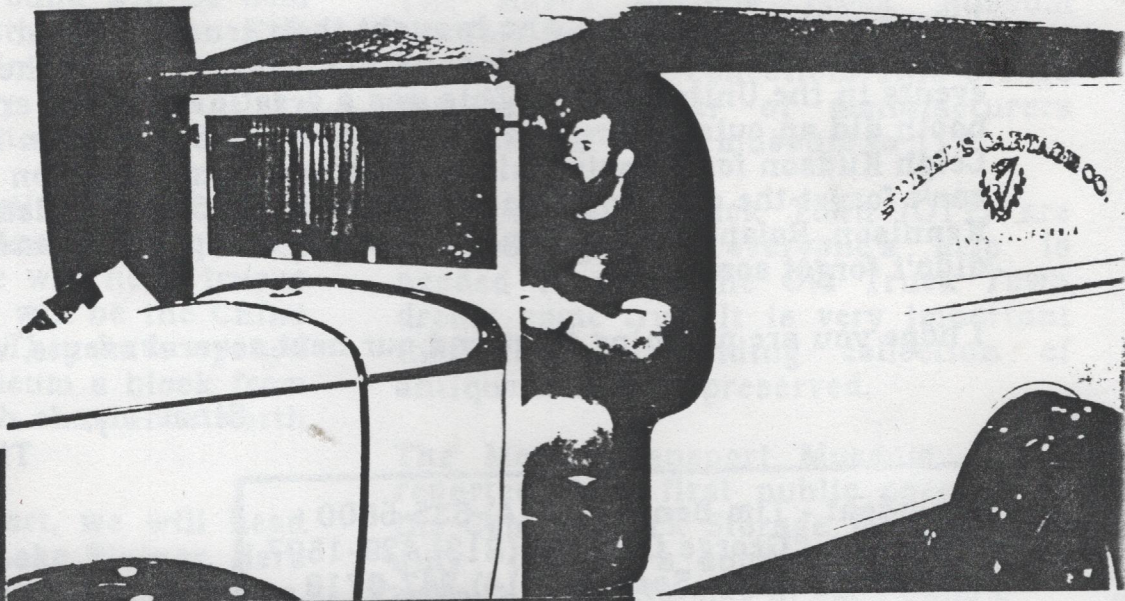

The Bar-BQ was held at a Drive in Movie theater and it looked odd seeing these old trucks parked among the the cars. The Callens said they didn't mind being asked to move their Pete camper to the back row, but did feel funny taking a shower in a Drive in Movie.

Sunday we all drove in a caravan, trucks and cars to Tar Springs Ranch for a pancake breakfast. Cars and trucks were parked everywhere making this, movie set type old west town, even more interesting.

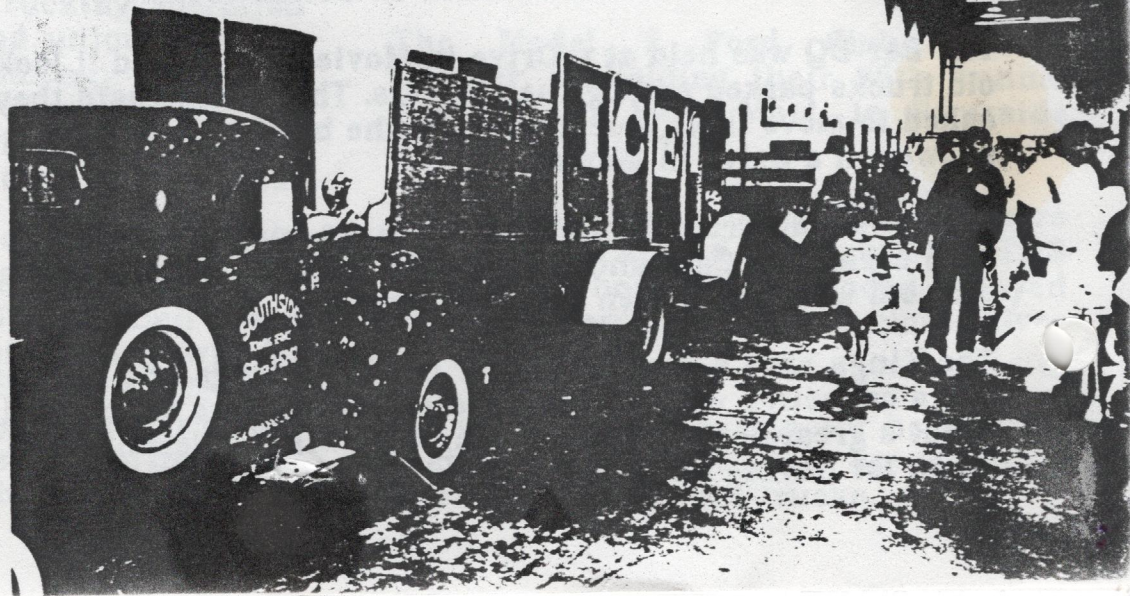

The Kings have a great place for truck meetings and are outstanding hosts. Bob has a collection of trucking goodies and toys we all enjoyed seeing. Many of us spent a great deal of time looking thru his "Little Antique Truck Stop". Thanks again for having us at your home.
